To your family I am so very sorry for your loss. Johnny was known in this group as long legged Johnny. I worked with him for a few years and he was always the nicest funny guy to be around. I worked with Wally Sanderson and John when they would ride to work together and Wally would tell stories about their conversations in the car in the morning and they really were funny. He will be greatly missed. Ruth Bricknell

Ray-Just want you to know that John talked about you all the time during his illness. He told me that the last time he saw you and talked to you it seemed you were very happy with your life. He was so happy for you! During the years I have heard several stories about you and John. He is going to be missed by so many. John had such a kind heart and would do anything for anyone. Hopefully in time we can forget the bad times John went through and cherish all the good times we had with him. John was a great brother and I will always remember how kind and considerate he was to all that knew him. He will always have a special place in my heart! I will always love him!

There are no words to express my sorrow. Much appreciation to all for the kind words. John stood up where nobody else had. He was a great role model, courageous, strong, optimistic, and would help anyone, he is the only 'dad' we had.No more suffering, you're flying high now. You'll have the best fishing boat to troll the most beautiful waters filled with plenty fish. Spectacular views of endless land with bucks galore. Perfect weather conditions enjoyed with family and friend's that were there before you.
