We live across the road from Sean, Lisa & the girls. Although they haven't been in the neighborhood that long they seem to be, not only such a big part of the neighborhood, but the best part of it. I think I can speak for all your neighbors in saying we're really proud to have you choose us to be the community that you want to live & raise your girls in. If there's anything we can help you with, please don't hesitate to ask. We're all heartbroken over this, especially for Don, Lisa & the girls. So sad... Back in January, when my puppy was just 12 weeks old, she got lost in the woods behind the house. It was the first night the temperature was going down to zero. I went around to all the neighbors & asked them to call me should she show up on their doorstep. I was really surprised at how many of them got in their cars & circled the square mile looking for her. Sean went a step further. He got on his 4 wheeler & searched the woods, in zero degree weather, for well over two hours. I could never thank him enough for that. That's just the kind of guy Sean was. Anything & everything he could do. Extreme. It saddens me now that I didn't get the chance to repay him for that. Though it also showed just what goodhearted neighbors we have here in the hood. We'll all miss him...
