Bea, your going to be greatly missed, thank you for your kindness, you always made me feel welcome, and always made sure to talk with me when I was at Dort, I was so happy to see you and Gary walking into the diner of our little town of Avoca. The world was a better place the day you were born and now it's very sad and will never be the same. God has another beautiful angel, love and miss you, Sandy

My thoughts & prayers go out to the Haxer family in this terrible tragedy. Bea was a sweet person & she will be missed. I enjoyed working with her at Pierce Elementary School when our kids were in school. I hope that the family will find consolation in knowing that Bea will be up there looking down on all of us & looking out for us. I hope that Gary has a good recovery from his injuries. Gail Schoof

Amanda Haxer Downey had the beautiful idea to set up a memorial scholarship for the Roseville Community Schools Scholarship Foundation. Bea was a long-time educator in the district and was a supporter of the Scholarship Foundation. If you would like to contribute, a card is attached that you may print out to send in with your donation. Envelopes will also be available at Young Colonial Chapel during the visitation this week.

G & H are right next door in the alphabet, so since the 8th grade Gary Mike and I were always seated close to each other. By that chance Gary became one of my very closest friends and I have known the Haxers 25 years plus. Also by chance, our first house was right down the street from Gary and Bea. We would see them at church, when we were able to get up for the 9am mass because they liked the more traditional mass. We would see them riding their bikes together down the street, I would always yell out "Haxers" and the kids would run to the window to see them pedaling away. After my father's funeral, Bea came up to me after I gave the eulogy and told me how proud she was of me. She knew exactly what I needed to hear. That is the Bea I will remember and miss.

Ms Bea worked as an aide for my son Jimmy who just graduated from college in May. He actually took the call when we learned about her passing and it shook us all. She had a way with kids and we were blessed to have her in our lives. It was so much easier to go off to work when we knew she was with the kids. An angel on earth and now an angel in heaven! Our deepest sympathy to her family.

I was so happy when you came up to me a few weeks back. You looked so pretty. I gave you a rosary ring when Fr. Greg anointed and you told me you always wore it and would look at it. That touched my heart. A simple ring meant so much to you. The faith and love you had for God was awesome. I will treasure you always. I love you!!!!

It's so hard to choose just one memory. She was in my life for 25 years. She went to my soccer games, sent me off to prom, attended my graduation party and my wedding, visited after I had my babies, and was with me when I lost my own mom. She was family, even though it wasn't by blood. I knew I could always turn to her if I needed someone to talk to. She was always encouraging me and reminding me how proud my mom would be of me. I love her and my heart aches for her family. I will miss her so much.

Bea had a heart of gold and was so much fun to be around. We met when she was my son's Preschool Aide (he graduates high school tomorrow!). Bea was also my sign language buddy. We took several 10 week courses together and would sit in Tim Horton's for hours practicing our Sign Language. I loved working with her when I'd get to sub in the H.I. Classes. This photo is my last memory of her, taken last month. This is how I picture her crossing the Finish Line into Heaven. Rest in Peace, Dear Bea. You were one of a kind and will be truly missed.
