I met Bethann close to twenty years ago when she was hired in to the same office I worked in. Having the same sense of humor, we became fast friends from the first minutes we interacted. We formed a bond that time and distance didn't seem to have an effect on. She was such an inspiration to me. I don't know that I've ever known a stronger woman than Beth. She strived to not let her health issues and treatments define who she was. Even on her worst days, she dragged herself to work with a smile on her face! I will miss our random phone calls and texts. And I'll forever regret that we didn't make a point of getting together more often. I will always think of her when I see a smiley face, and I'm planting daisies in her honor today!! Rest in peace my dear friend! Till we meet again. ❤️

Bethann was a beautiful person inside and out. I came to know her over the years through her husband Rich, a co-worker at PTM. Bethann was an inspiration to me because of her positive attitude and inner strength during her health trials. I haven't seen or talked to her in a long time because I changed departments. I now regret not staying in contact. I have always thought very highly of her and wish that I would have done more to make a difference in her life like she did mine. We must all make it a priority to put people first when life seems to monopolize our time, even if it is something as small as sending a card or note stating that you are thinking of them. To Bethann: I am sorry for not letting you know how much I respected you and thought very highly of you. To Rich: I am so sorry for your loss, and I am so sorry that I stopped asking about her...If there is anything that you need, please ask. I, and your entire PTM family, are here for you. Dear Mom, You were my best friend in the whole world, You were my EVERYTHING I Love you so much I can't believe that your not here with us you were taken way to soon....I remember the last time we hung out and went to helping hands and went looking for clothes for Michael and myself then we went to the dollar store and got a few things from there and after that we just hung out for a little while.....That was one of the best days of my life..... All the best times of my life was when we hung out and just went places and just talked for hours on end about everything..... I remember all the good times we all had all the times we went camping and would go out on the boat.....Michael, Kayleigh and I have been talking about all the fun things we all did together and we all said we are gonna keep doing all those things because you are still with us and will always be with us no matter where we go or what we are doing...Its so hard knowing I can't pick up the phone and call you just to say (HI MOM I LOVE YOU) or to hear your voice or hear my phone go off and see a text from you.....When I heard you were sick and not doing good awhile ago I got so scared and upset and would cry myself to sleep almost every night hoping and praying you would get better...Then on the 14th you went into the hospital and was on life support that made me break down more then i have ever been i went days on end without eating or sleeping and crying all the time and the morning i found out you left us i really felt like there was something really wrong that night and couldnt sleep then i got the call that you had passed i went right into shock and i still am in shock i can't sleep i cant eat, I can't even think straight since that phone call.....MOM, There is not going to be a sec that goes by that i wont be thinking about you and all the great times we had and all the heart to heart talks we had.....Till we are together again in Heaven you will always be in my heart and on my mind Please watch over us all I LOVE YOU MOM YOU ARE THE BEST WOMAN I HAVE EVER KNOWN TILL WE ARE TOGETHER AGAIN SEE YOU SOON I LOVE YOU WITH ALL MY HEART AND SOUL MOM REST IN PIECE IM FOREVER YOUR BABY BOY AND WILL ALWAYS BE YOUR BABY BOY
