Travis, In high school I didn't have many friends or have much to look forward to everyday. In our Junior year you made it fun to go to school when we would be playing hackisack. We'd go out and play in any weather. In fact the only time we couldn't play was when Mr. Miller said that we had to stay inside. After Graduation we both moved to Florida. Even though that we could have meet up with one another we never decided to do it because of school. Now I regret not doing this. I was told about your accident on Sunday 5/1/11 when I was at work. I was devastated to say the least. You had a smile that could light up a room, a personality that could make anybody happy, and an attitude that made us all think that anything could be possible. I'm also sorry that I couldn't attend your viewings or funeral because I'm not strong enough to see any of my friends including you on such a dark day. I'm not a fully matured man yet and for that I say sorry from the depths of my soul and I wish that you are in a better place where ever that might be. I'm sorry for any pain that you might have felt in life, you were a good man, and a even better friend. I wish you peace in the after life and hope that you will be at rest. Goodbye my young friend.##imported-begin##Joshua Mason Bruning##imported-end##
