Mrs. Robertson, I pray that you see this. I just found out about Tony's death and I am just devastated. I worked in the loan department at Riverview and worked with you both. Words cannot express how sorry I am. Tony was such a wonderful man! When he would come in and see me all he talked about was the love he had for you, and how worried he was to leave you if his time came. He truly loved you so much. Ever since I left Riverview I have thought of you both daily, praying Tony was getting better. I hated that I left there without writing down your phone number so I could keep in touch with you both. You both were my favorite members to work with and such an inspiration to me. I truly hope thru all of this that you are ok, and if you ever need anything please don't ever hesitate to ask. Sincerely, Jennifer Carreira

Tony was a unique person all in his own way. We have had plenty of talks about life and today's world that I will cherish. A lot of good times. He had the strength and courage to fight through his days and not letting it show. I still remember the day I sat down next to him at Tim Horton's during our process of getting the store stocked and ready for opening day. Just a little break from the sea of boxes. I knew he was going to be a dedicated employee. He was a kind and gentle soul. Man of his word and definitely a worker who never sat still. He tried to go above and beyond the things asked of him. That man could sell a wet paper bag to anyone. He liked the challenge to sell as many things we sat on his register. Definitely gonna miss working beside him and listening to endless stories he shared about his experiences and adventures through life. My condolences to the Robertson family. May God wrap his arms around you in this dark time.
