I am very sad to hear that Uncle Larry will not be home next time I come back on leave. I always looked forward to seeing you. When my dad and I go golfing it will not be the same without you there. I remember we would always go to Scores bar in Taylor and grab a burger and play pool. Man could he shoot! Playing pool with him would always bring out my best game because if I missed I wasn't getting another shot. Those are some of the memories I will always cherish for the rest of my life. I hope to be half the man you were. Say hi to my mom, I know she will be happy to see you. I love you Uncle Larry

Dawn.....so sorry to hear that my special cousin Larry passed way. I remember him most from my childhood yrs. .. he was such a goof-ball at times that he made me laugh. he was also sort of a bully too, for he was always rough when he did his wrestling antics with me .like when he actually broke all the bones in my wrist when I was a young teenager. he never meant to hurt me like that tho. he was a nice guy to talk to & I enjoyed the conversations I had with him. even when we was both adults. he will be remembered fondly always. may you & yours' have comfort in knowing what a great guy he was. he will be missed.
