I was referred to Dan to fix my car by my neighbors Jeremie and Connie Ernst. I was looking for a good, yet trustworthy mechanic. They said Dan was it:)As it turns out ,Dan was all of that and then some. I'm a sr and was so impressed with his skills, his honesty and his willingness to come get me when my car was ready if weather wasn't conducive to me walking or riding my bike every time like I love doing.My heart truly breaks for your family. I'm sending deep ,sincere, heartfelt sympathy to you and your your family. I know what his parents are going through as I have buried two of my sons. I can't imagine what his children and wife are going through. Strength to you all ❤️.

I don't even know where to begin... I first met Dan as a delivery driver for AZ & it wasn't until Steve started working with him that I got to know him a little better... you were always the funny sarcastic one that never ran out of jokes and even though some jobs were a pain in the a**, you never turned one of them down & you were the only one that could always fix anything! Steve and I just recently had a baby and you were so excited for us... for Steve... to finally experience what you had-your best job-being a Dad. I remember the day not that long ago that you called him while you were out of town for the weekend at your daughter's sporting event.. and when you called you were so proud to tell him all about it.... I know your kiddos will miss you... you were such a great person & we will forever miss having you as a friend. May God bless your family and may you rest in peace.

Dan and Katie are our neighbors. When they first moved in, there was a gap in the fence between our homes which allowed the dogs to go back and forth. I had purchased the wire to fix it, but had no clue what I was doing. Dan hopped over the fence, fixed it and it has maintained. They had only been our neighbors for less than a week at that time, but simple acts of kindness stay with you forever. Katie and kids, we are so very sorry for your loss. If there is anything you ever need, please don't hesitate to "hop" the fence :)Our thoughts and prayers are with you.Warmly,Stacey, Adriana and Danica Krause
