My grandma was a kind and amazing person. She loved everyone and was very generous as well as being very considerate to others. I know that she affected and inspired me on a personal level, as well as my family. I find it extremely disrespectful for someone to comment tormenting things on my Grandmother's obituary page. However, the disrespectful comments will be overpowered by the overwhelming and enlightening memories of my grandma, Sally Metler. Everyone she loved and supported will tear through the hate. As her Grandson, I saw her suffering for the past year when she suffered from several strokes right after my birthday in April of 2018. I saw through into her true character and evident perseverance. In the final year of her life, I grew even closer to the amazing Grandma that I already knew. I feel deeply for my father who has been gravely suffering from the loss of his best friend and mother. Even though I dearly miss her and her beautiful bright smile, I know that she is in a better place now. I love you Grandma Sally

Sally Metler was a wonderful, kind, caring and loving person. She would do anything for her friends and family. It deeply saddens me at this difficult time to see the "prank" posts on this site by a person using the names of individuals that do not even exist (Julie Gardner, Bill Schlifandlamer) or claiming to be others (Sue, Van Halen) for the sole purpose of a joke or tormenting. Mrs. Metler would be extremely disappointed in this as am I. This is a time to celebrate an amazing person.

Sally was the ultimate friend. I was blessed to know her over 40 years and experience her love, kindness, support, and genuine and thoughtful advice. I will miss her laugh, her hugs and her sharing ways! She was a strong woman who overcame many challenges with dignity and unbending principle. She was quick to laugh and she possessed a very caring nature. The love for her family and friends was deep and never-ending. The memories we shared are beautiful and have left a permanent place on my heart!
