A wonderful man, and family. I am a long time customer of every business. I have a very special memory having Al help me put in butterfly garden. He was just starting out on Marsh Road with growing plants and passing on such knowledge about each plant. I remember the children were so young. His wife making soap and so much more. This family shared so much in the community. I absolutely love Foxfire Fixins. And the Thumbprint News that I can't put down until I have read it cover to cover. I can't think of a nicer family. So sad, Al will be greatly missed. Mary Davis

I remember when we lived in St. Clair. We had a huge bee hive in one of our trees. Al came over right away. Dressed in this 'fantastic' suit he clipped the hive and took it away. Alas! Our daughters were amazed and he was very kind to them telling them and teaching them about bees and hives. We appreciated him very much. We met again when he provided for us advertising type placemats for our business. Always a kind word and always on time. We send out prayers for the family.

i remember him going before the China township Planning Commission to buy a farm on Fred Moore Highway to build and produce his dream. As it so happened they turned him down which was a boom for Algonac. A dreamer, a man of action and memories. He kept yesterdays alive, building tomorrows. May he rest in peace.
