Len and I hang out together at Luigi's pizza and then drove together for two years to RETS (Radio Electronics Television School). We then both worked at GM. Len loved his Corvair Sorry for your lost.

Len loved to share stories of his Air Force times. One of the first people I met at GM in the Dyno wing in Engineering Staff. I'm so glad in his later months he was listening to old Billy Graham messages and a new faith in Jesus as his savior.
