It was always great hanging with you whenever your nephew came to town. It was really special the time we hung out in ohio when your bro Noah came 2 summers ago. Loved your stories. You'll always be part of the band!

I never got a chance to meet Buddy. I only met him through Facebook and that was through Loli Romo and how she presented him on Facebook and requested prayers for him in his last days. Taking one look at Buddy's face I knew that he was at one of those special people and I held him up in dear prayer. Although Buddy has gone home to be with the Lord I would like say to the family the Buddy indeed was a great and special person that he even impacted people like me who never even got a chance to meet him in person until that day we all meet with the Lord. God bless you and your family and may the peace and comfort of God be with you forever. May the spirit of Buddy encourage your family to live on strong believing and trusting in God.

When buddy first came to our home to be assistant supervisor, I thought man he's going to make us stick to the rules it won't be fun. I was wrong. He made it more fun not just for the staff but also the individuals we care for. He instantly became not just a friend, he became part of our family. We are all saddened by his passing and will miss him so much. R.I.P. Buddy

I loved being around him. And every time buddy came into town he'd would always get the hat right off my head and say thanks for the donation. Seriously I'm so grateful and blessed that we were family and he loved us and we loved him. He truly was my younger brother. I will miss him dearly. I loved him with all my heart. I will miss his personality most of all. To my niece Ashley and my nephew Christian. We are your family and want you to know that we will always be here. To my brother Rob. Buddy, where do I begin.. 2/21/76 you came in to my life, my little baby brother. You had the cutest smile, huh you were once small... You played with your nephew, David, who happened to be 5 months younger than you in the playpen when I'd watch you both. 1977 Rob was born and then Dad & Mom moved away. Never to see you two again. Many many years (2005) later you sought us out, Robert (Puch), Noah, JoJo, Me & Donna Bernardo and to finally meet Dad... Oh boy was that an exciting day.. We thought he was having a heart attack, when come to find out his pace maker was going off cause his excitement and anxiety of see you. That reunion was the best thing that happened to our family here in California. We didn't skip a beat it was just like you've been in our lives since birth, well at least for me it did. Your nephews / cousins loved you!! Dad may have been who he is, but I know we love each and everyone of our siblings. I have to be honest... I loved you the most :-)) I changed your freakin diaper dude LOL. Buddy, my heart is sad and yet at peace knowing you are now with our LORD. You've made such a difference when you received him back into your life... Your life's testimony is evident by all the people you've touched. Rest in peace my sweet little "Big" brother... I'll miss your voice, I'll miss our texts and your sense of humor... I WILL NEVER FORGET YOU. Love Buddy your sister, Belinda Bernardo-Knaak...

Buddy was my daughter Malyssa's Dad's stepbrother. When we lost Malyssa Buddy wrote a sincere poem for her. He was deeply crushed when Malyssa died. Now as Malyssa's mom and the connection I'm deeply crushed. Buddy wherever your spirit sends. You I know your compassion. You are with the ones you loved above and watching over the ones still here. Love you. Till we meet again.
