I just learned of Karen's death. We worked together from 2001 to 2007 when I retired. We remained very close until she moved back to Michigan. She was a gifted artist and poetess. I miss her still.

Seeing this breaks my heart into a million pieces This woman was like my best friend. I knew what she was thinking without any words being said. I cared deeply for her as her caregiver for three years. When I departed from the place of employment I cried for her. Three months ago, I would have never thought I'd see this. I have many videos and photos dancing and laughing with her. I send all my love to all her family and friends ❤️ I know I will never find the connection I had with her ever again. Why because No one will ever amount to how truly special she was ❤️ I miss you so much!

Hello Kayla. Karen was my stepmother (common law) for nearly my entire youth, 30 yrs., until my father, passed. It destroyed us all... Especially Karen... Kept in touch with Karen and would stop by and spend time, help her when I was in the Bay Area. But living out of state it wasn't often enough. Then one day, she never answered the phone. Called and called her numbers, nothing. Had someone go by and check her place, and she had moved out. never heard a mother thing. Had no idea what happened to her and no contact info for her family in Michigan. She just disappeared. Have tried to find, locate her for a while now, then I had a thought to check again and I see she has passed. So sad... Such a wonderful person she was. Brilliant and talented and beautiful. Very devoted and protective of her loved ones. Both my cousins and I miss her dearly and loved her as family nearly our entire lives. I believe my dad was the love of her life or one of them and his sister Judy was her best friend or one of them... Very curious to know of what happened to her and her life and welfare, wellbeing after she left Oakland? She took very good care of us boys when we were growing up. We have all hoped that she went on to a better situation. Sad to know she is gone. Sounds like you got to know her pretty well at the end there. Curious to know anything, if anything you care to share. Again my cousins and I never knew what happened to her she simply was gone. My name is Justin Snead ST John, email. jstjmak@hotmail.com. would love to hear anything from you regarding Karen. Anything at all... All the very best to you. Much thanks for your time and attention...
