I forgot to mention...if anyone out there is thinking of sending flowers she would have rather had a donation made to your local animal rescue. Thank you everyone for your words of encouragement

Our mom was the most compassionate and caring person you could meet. She put her kids and animals before herself. Hope you had the opportunity to know her. Love you mom

My favorite memory of Aunt Judy is the time she and Uncle John took my sister Libby and I to a Christmas tree farm when I was approx. 5 years old. I had never been to a Christmas tree farm before nor assisted in cutting down a tree! I remember being extremely excited to go. Aunt Judy made our outing very festive for all of us. We listened to Christmas music in the truck and drank hot coco the entire time! I miss you Aunt Judy and I love you very much! ❤️

Judy liked the heat of Summer and tolerated the high temps and humidity way better than me or Mike. However, a couple Summers back it was extremely hot for a stretch of days and she called us to express worry about her lab Jordan not being able to cool off She cared about her pets more than she cared about herself. John was up North. Mike and I being old school had an idea to keep Jordan cool. We filled metal pans with bags of ice and set up fans behind the ice cold pans. We turned on the fans and sure enough Jordan cooled right down. We sat there with Judy filling the steel pans with ice as soon as it melted and 2 hours later we all felt like we were sitting in an air conditioned room! Where there is a will there was a way and Judy, Mike and I figured it out that day! God bless Judy for all the love she showed her family, friends and animals! We will miss you dearly ❤️ She helped us bury our parents and stepfather. You helped our stepfather when he was in hospice. She was always a phone call away to help out! May God bless you and give you peace and love. I miss Judy very much! My sympathy to her family at this sorrowful time and if I can help in any way please contact me!
