My memories of David is his love for fish. He drove down to Kentucky to take our 55 gallon fish tank and fish, as we were being deployed to German. David and his family shared many an adventure with Greg and I in Michigan and Kentucky. David and Bonnie drove to Las Vegas where we shared even more adventures. David will be missed. My memories of Dave - aka Grub - were fond ones. Spending all our teenage cash at Marta's record shop and then losing our hearing playing them in his basement. But our most epic moment was when Dave, Hammerhead and myself were crossing the street and David asked for a light off my cigarette. Thx for knocking my ash off, Dave! Into my windbreaker's pocket containing 50 two inch firecrackers. It took days for them to stop laughing. Dave gave the world a tough look for the most part, but if you were looking at the expression on his face or listening to him bark, you were looking in the wrong place. Because David was all heart. My heartfelt condolences to all of you - Bonnie, Adam, Greg - and his friends and family! May he rest in peace. - Alan McWha, Friend & Neighbor
