Sheila and family, Words are not enough to express how your feeling or going through right now. God Bless you through this most difficult time. And I'm sorry I just found out. I haven't seen you or Jody in awhile Sheila but I remember you working at River District Hospital and I worked at St Clair Plastics for almost 10 years with Jody before I worked at Mercy. He was a great boss, friend, good sense of humor and forever telling storys about you and the kids all the love you both shared all these years, pride and joy when he spoke about the kids. Take care and remember he will forever be an angel watching over you and the kids. Dianne

Mark Robb (Sheilas) Brother lit a candle in honor of Jody.

Jody and I were very close when he and Sheila first started dating, we were at Pranges house for a graduation party and I told him don't you dare hurt my sister lol. But one of many memories I have with him was drinking and driving on the back roads and getting stuck in his Monte Carlo and him telling me I can't tell Sheila as she will kill me. It took us hours to get that thing out.

I am at a loss for words, trying to think of something to even say.. I can remember when we were young kids, there was Robbie, Jody, Keith & myself, all within 2 years of each other. We shared most of our childhood. Sheila & family, i am so sorry. Shelley McMasters-Weaver
