My sympathies to his family . I have many memories of growing up with Carl in Marine City, both at his house on Parker and at mine on North Mary. I will never forget the 1956 strike, when Carl's family, the Sichen family, and my family all convoyed together to Duluth to spend time in the summer with our dads.

Jay Saph. Had numerous get togethers with Carl and his many friends. Carl was always in a positive mood and looking forward to having fun with friends. Carl was the first friend of mine that had a twin engine fast boat which were quite rare at the time, and a thrill to see and ride in. Carl was a hard worker and was able to earn the specialized licensing required in the power plants, shipping, and also chief engineer on the oil rigs in the Gulf of Mexico. He was a man of many accomplishments, and will be missed by the many friends he acquired during his lifetime. Thanks for being my friend Carl.
