My heart has been broken these past few days over Dave's passing. He and I were inseparable for two solid years. He was my best friend, and we did everything together. My memories of those times are saturated with laughter and fun times. It was always an adventure with Dave. He knew how to live and enjoy life! He found the good in every person he met, and if he met you for the first time you parted as friends. Dave had the biggest heart, and anyone who knew him knew that. I will miss our talks, your random texts out of the blue, and not being able to share a life event or reminisce a funny memory at whim with him for the rest of my life. Dave, you were always 'my person' at times when I needed you most, and I will forever cherish you. Love you, truly.
